

JBK Collection

The Brown Sugar Saver®

actual size

hummingbird

Guaranteed to soften rock hard brown sugar and keep it soft!

The JBK Brown Sugar Saver is made from specially designed ceramic material. Just soak it in water for 15 minutes, pat dry, and place in a sealed container resting on top of the brown sugar.

Never have hard brown sugar again.

It will keep the brown sugar soft for up to 3 months and may be re-soaked and used again. It can also be used for keeping marshmallows and dried fruit moist. Clay materials are all tested safe. One of our best selling products.

The Pot Minder™

Keeps pots from boiling over

The JBK Pot Minder is ideal for reducing those messy boil-overs. Simply place the Pot Minder in the bottom of the pot when cooking or warming pasta, soups, potatoes, vegetables, or milk. The unique ceramic material and product design modify bubble formation when boiling begins. The disk also chat-ters on the bottom of the pot as boiling becomes more intense.

Bread Warmer

Keeps buns warm during your meal

The JBK Bread Warmer may be heated in your oven, toaster, or barbeque. Set the heated tile in a cloth lined basket or dish, place your warmed bread or buns on top, and cover with a cloth.

Brown Sugar Pillow™

Guaranteed to soften rock hard brown sugar and keep it softer longer

actual size

The JBK Brown Sugar Pillow is a new product which will not only soften rock hard brown sugar but will keep it softer longer. The Freshness Packet included with the Brown Sugar Pillow quickly absorbs enough moisture to keep brown sugar soft for up to 6 months.

Simply soak the Freshness Packet in water for 3 minutes, insert into pillow, and place in a sealed container resting on brown sugar.

Make every cooking experience calling for brown sugar a pleasant one. This product also works great keeping dried fruit and marshmallows fresh.
